

## Thermoplastic Welders

**SI-1005: MODEL 63 WELDER** - The basic Seelye welder for fast economical plastics welds. Comes with heavy duty air regulator and round tip.

**SI-1002: MODEL 63 KIT**- Contains welder, one round tip, one tacking tip and carrying case.

**SI-1167: MODEL 63 PORTA WELDER KIT** - Self contained and portable. HD air compressor plus contents of SI-1002.

**SI-1188: SUPER WELDER** - Controlled heat settings from 400°F to 900°F. Control on the handle for temperature change, thermostat controlled. Cooler barrel reduces risk of injury.

**SI-1189: SUPER PLASTIC WELDER KIT** - Same as SI-1188 with second tip plus carrying case.

**SI-1193: SUPER PORTA WELDER KIT** - Completely self-contained portable welding unit. Includes air compressor, tacking tip, and round tip.

Welding tips - 26 available

Model 1189

Model 1167

## Heat Guns

**SI-11164, SI-1165, SI-1166:** - HD Industrial - Quality heat guns with temperature and power ratings up to 1000°F and 1740 watts (120V) Air flow ratings range are 23 CFM at 3,000 FPM.

**SI-6005:** This lightweight, low cost heat gun features heat settings at 500°F and 1000°F. The air-flow ratings are 8 CFM at 1020 FPM.

**SI-6003:** Temperature settings of 570°F and 1050±F. Air-flow of 15 CFM at 3650 FPM

**SI-6004:** Same as SI-6003 with variable temperature control from ambient to 1050°F
